Antimicrobial Stewardship	Marginal
Employee/Occupational Health	Marginal

ABCKJEUTL4LM

To provide you with comprehensive diagnostic feedback, the breakdown of results shows the content areas where you received a Deficient, Marginal, or Proficient study priority.

Please note that due to the small number of items at the content area level, the content area diagnostic level description information derived from your test result may not be reliable and is intended only for providing guidance in case you want to take the test again.

We recommend you focus your studies on all content areas when preparing to retake the exam, not only those on which you performed at the Deficient and Marginal levels.

Levels of Diagnostic Representation	Performance Level Description
Proficient	Your performance on this content area is above the minimally acceptable level. However, a review of this content area may be helpful to you prior to retaking the examination.
Marginal	Your performance on this content area is around the minimally acceptable level. Further study of this content area is recommended prior to retaking the examination.
Deficient	Your performance on this content area is below the minimally acceptable level. Substantial study of this content area is recommended prior to retaking this examination.
