Online Practice Exam

The online Practice Exam has 70 questions and is now available for $50.

Due to technical platform restrictions, the CBIC Practice Exam does not deliver a score report to the candidate after the exam is finished; rather, there will only be a pass/fail indicator. The CBIC Practice Exam is intended to familiarize candidates with the computer-based testing experience, and not as a content review. To study for the exam, CBIC recommends reviewing the Exam Content Outline in conjunction with the list of primary and secondary references found in our Candidate Handbook.

To purchase and take the practice exam, please click here.

Please note: Upon purchasing the exam, you must take the exam right away!

Time
You will have up to 3 Hours to complete the test. Any questions answered after the time has expired will not be counted. Your time will begin when you view the first question.

Candidate Navigation
You may freely navigate through the items on this test. You may return to an item at any time during your test to review or change your answer.

Scoring Information
This is a Pass/Fail test. It does not have a numerical passing score. You will be informed of your test results at the conclusion of the test.

Instructions
1) If you want to best simulate performance on the CICC exam, take the exam within a 75-minute time frame. You may also try timing yourself during the exam, allowing 75 minutes for test completion. This method allows you to better assess how much time you should allot for each question, while permitting you to go back and review questions you found problematic.

2) You will have a total of 3 hours to complete your exam and will not be able to return once you have finished the session. When you have completed the practice exam to your satisfaction, click on the "Print" link to obtain your pass/fail indicator.

Confidentiality Agreement
The contents of this test are copyrighted, proprietary, and confidential. Disclosure or reproduction of any portion of it is prohibited. Such activity will result in the invalidation of test scores and may result in civil and/or criminal prosecution.

By continuing with this examination, I confirm that I have read, understand, and agree to comply fully with this Confidentiality and Conduct Agreement.
I DO NOT AGREE with the above confidentiality agreement. Cancel this test.

Good luck on your test!

Begin Test
Two hundred and ninety-four (294) patients with implanted vascular access devices had a total of 10,000 device days. Seventeen (17) of these patients developed an infection. What is the percentage of infections in this population?

A. 0.4%
B. 1.7%
C. 5.9%
D. 29.4%
CONFIRM END OF TEST

You have requested to End and Score this test.

⚠️ Are you sure you want to end the test?

Selecting YES will end your test. Selecting NO will allow you to continue your test.

No

Yes
